**ATTENTION ALL SHOOTERS LOOKING FOR THE WORLD'S MOST CHALLENGING GAME BIRD
"THE RED LEGGED PARTRIDGE"**

Here within, we present you again, the most exciting Red Legged Partridge shooting programs in the world. CAZATUR has designed these for you, in what we consider to be three of the best and most unique shooting grounds in all of Spain. In combination with world renowned service and lodging, CAZATUR shooting programs strive for nothing less than perfection, and so have we shown it to our lines.

In each of the three different types of shooting programs in place with its own personality, the shooters are able to test their skills at different Estates during their contracted shooting days. The following Estates can be combined in any CAZATUR shooting program.

In the province of Madrid. The Estates "CASA SOLA" & "LA FLAMENCA", both less than a one hour drive from the Madrid airport, have proven again to offer you the perfect combination of highly presented birds and some typical Spanish partridge shooting. The variety of drives available in each Estate is plentiful. The birds are skilfully driven over your guns in a most spectacular fashion. Shoots at these two Estates are generally sold out. CAZATUR, however, can make special arrangements to get shooting dates for you. Programs A and B are recommended for these Estates.

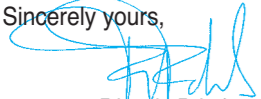

Our newest shooting Estate as we prognosticated last year, has proven our guests it's perfection. Just over a one hour drive from Madrid (and 20 minutes from the Imperial city of Toledo), we now have available the most luxurious accommodations in Spain. The "VENTOSILLA CASTLE", with rolling hills as the back drop, provides for a shooting experience that combines the most exquisite bird presentations with Spain's finest lodging, food and wine, a perfect expression of the aristocratic Spanish lifestyle. The shooting grounds provide for twenty five different drives. The landscape around this Estate is spectacular all together. Bordering the Tajo river, its proximity to Toledo allows the ladies accompanying the shoot to enjoy paradise while visiting the linen shops, world famous leather shops, tweed shops, or exploring cutlery and damascene work. The area is also rich with historical and cultural sights. CAZATUR representatives are always provided to guide these "Huntours". This luxurious castle accommodates the shooters and non shooting guests, throughout the guest's entire stay, making this getaway a most unforgettable experience. Programs B and C are recommended for this Estate.

Our third option will take you (after a two and a half hour drive from Madrid, or twenty minutes from an air base landing strip) to a long established shooting Estate very well known to foreign shooters. In "SALAMANCA", we can offer shoots from August into the month of March. Springtime allows this shooting Estate to offer something unique in Spain. Shooters and non-shooters alike can visit some of the world's most beautiful expressions of Romanesque architecture and art in Salamanca, on their own or with a CAZATUR representative. In this Estate, the partridges themselves have such strength that they often fly over your pits with a speed and height challenging to the most experienced shooters, a spectacle to admire. As the rest of our shooting Estates in Spain, this one is restocked at the beginning of the season and throughout it as is necessary. Programs A and C are recommended for this Estate.

This and much more is what we can offer you. Envelope yourself in the tradition depicted in our famous portrait, "Hunter shooting birds", painted by the master painter Francisco de Goya in the 18th, Century.

Join us as a single shooter or with one or more of your shooting friends on any of our open dates. Let us exceed your expectations as we did for those who shoot with us this year all three Estates!. Please enjoy the photographs in the rest of this brochure and explore why CAZATUR is your best choice. References available.

Sincerely yours,

Eduardo F. de Araoz

**EXCLUSIVE RED LEGGED PARTRIDGE SHOOTS IN SPAIN 2010
Shooting season: October until end of January**

EXCEPTIONAL PARTRIDGE SHOOTS NEAR MADRID IN OUR HILLY HUNTING AREAS - "CASASOLA DEL MONTE" NEAR THE PICTURESQUE CITY OF CHINCHON AND ADJACENT ONES NOT FAR FROM ARANJUEZ, "LA FLAMENCA" OR "VENTOSILLA CASTLE" NEAR TOLEDO, AS WELL AS IN "SALAMANCA"
HERE, YOU WILL FIND THE SPORTIEST HIGH DRIVEN PARTRIDGES YOU HAVE EVER SEEN, AND YOU WILL ENJOY THE EXPERIENCE OF SHOOTING WITH PERFECT HUNTING ORGANIZATION, EXTRAORDINARY FOOD AND DRINKS AND VERY GOOD ACCOMODATION. YOUR PARTY WILL BE ACCOMPANIED BY ENGLISH SPEAKING CAZATUR REPRESENTATIVE FROM ARRIVAL TO DEPARTURE.

ACCOMODATIONS:

The accommodations on our partridge shoots vary, from a medieval construction built in the 17th century (formerly being an Augustinian Convent) which has been refurbished into an outgoing 20th century four star hotel used for "Casasola", to a newly opened 5 Star Hotel in Aranjuez while we shoot at "La Flamenca", located across from the Royal Palace, which visiting while you are here is a must, to a Private Castle which provides our accommodations while we shoot at "Ventosilla", or a perfectly arranged shooting lodge while in "Salamanca", decorated with a large collection of big game trophies from around the world. The cuisine in all cases offers sumptuous Spanish flavours served with a top variety of Spanish wines. To stay with us is an unforgettable event for a shooter as well as for non shooting observers. Dinners can be taken either in the hotel, or in one of the numerous smaller Spanish restaurants, in the historical center of Chinchon or Aranjuez, while at "Casasola" and "La Flamenca", or at the warmth of the dining table and fireplace while at the Castle Estate of "Ventosilla" or the shooting lodge of "Salamanca".

SHOOTING AREAS:

The shooting areas have been tested by CAZATUR for years. There are beautiful valleys with sometimes very steep slope hills, which offer a very challenging sporting shoot. Each shooter has his personal "loader", who carries your guns and cartridges as well as a second helper your "secretario" who takes care of your personal belongings as well as the downed birds.

DAILY BAGS:

It is up to the party to choose their daily bags. Thus we distribute your party to the appropriate hunting areas. Smaller hunts offer 500 to 600 partridges per day, average hunts have a daily bag of 650 to 700 partridges, and the big shoots bring 800 to 1000 partridges per day to the game parade all this is related to a line of ten shooters with average shooting skills.

SHOOTING ORGANIZATION:

An English speaking CAZATUR representative will greet you upon arrival in Madrid, and accompany each of our shooting parties during their stay until departure, and is in charge of all shooting related activities during your stay.

SHOOTING DAYS:

Usually our shooting parties reserve 3 shooting days, some 4 and even 5, which can easily be organized because of the number of different shooting areas we have under our control.

BEST TIME TO SHOOT:

Depending on the areas, the shooting season for red-legged partridges starts the beginning of October and ends the middle of February. We suggest October November or December. Some Estates provide longer seasons into mid March.
